

## Environmental Policy

PFP Systems Pty Ltd is committed to conducting business operations in an environmentally responsible manner. Environmental objectives have been formulated with reference to the ISO 14001 standard.

PFP Systems Pty Ltd shall:

- ◆ Ensure legal environmental requirements and obligations are adhered to.
- ◆ Maintain environmental management systems to recognized standards including ISO 14001.
- ◆ Commit to the prevention of unnecessary pollution.
- ◆ Give equal respect to environmental issues as economic, safety and quality issues.
- ◆ Take remedial action where performance does not meet expectations.
- ◆ Ensure personnel are aware of the environmental policy and promote a culture for employees to contribute to the company's environmental performance.
- ◆ Train employees to encourage awareness of environmental issues.
- ◆ Promote our employees to participate fully in implementing and improving the company's environmental performance.
- ◆ Ensure that enough resources are provided for employees to operate in an environmentally responsible manner.
- ◆ Set measurable objectives and targets.
